ADDITIONAL RULES AND CLARIFICATIONS

The official United States Volleyball Association rules govern all play with the following intramural modifications and specifications.

1. LEGAL SERVE

Each serve must be put into play by hitting the ball underhand or overhand over the net into the opponent's court by a player in the serving area. The player serving must not step on or over the end line until after the ball is contacted on the serve. (Foot fault: penalty-side out). Players must stay in serving order. Players may switch positions after service provided they return to their original positions after each point. PENALTY: side out or point awarded. Exception: a player from the back line may not spike the ball or block a spike within 10 feet of the net. In rallying scoring, a ball may clip the net and shall still be legal.

2. SERVING OUT OF TURN

- A. Discovered while server still serving: side out called, mistaken points subtracted, serving order corrected.
- B. Discovered in interval between changes of serve: opponent serves, mistaken points subtracted, and serving order corrected.
- C. Discovered after opponents begin serving: no loss of points, serving order corrected, on next dead ball.

3. LEGAL HIT

A contact of the ball to be legal must be made with any part of the body. A legal hit must be a "clean" hit. The ball may not be carried on the follow through.

4. ILLEGAL HITS

An illegal hit is: 1) slapping the ball 2) bumping the ball with two separated hands (hands must be together) 3) carrying the ball 4) palming the ball 5) directing the ball.

*NOTE: in order to not be an illegal hit, the ball must leave players hand immediately upon contact of the ball.

5. PLAYING THE BALL

A ball may be played three times on one side providing the same player does not touch the ball twice in succession

EXCEPTIONS:

- A. A ball hit simultaneously by two team mates is considered as one hit, and either player may contact the ball a second time.
- B. When simultaneous contacts by opposing players occur, either player may contact the ball again if it falls on his side of the net. This contact will constitute the first of three attempts.
- C. A blocker may recover from their own block and make a second play on the ball. This play will constitute the first of three attempts.

EMORY & HENRY COLLEGE

D. A serve may be received with a bump or with hands up. **WARNING:** by receiving serve with hands up, it is difficult to avoid being called for a carry

E. The ball is in play when it hits the net except on the serve. The server is given only one attempt to get the ball over the net.

6. NET AND LINE PLAY

A. Players are not permitted to have any part of their body touch the net or step over the center line while the ball is in play, although stepping on the center line is permitted. **EXCEPTION:** ball hits net with such force it causes net to hit opponent, the ball is still in play.

B. A spiker may have his hand(s) or arm(s) follow through over the net as long as the ball is contacted on his own side of the net.

C. Players may reach over the net and block the ball, provided the opposing team has completed their attempt to return the ball over the net.

D. The ball is considered to have crossed the net when any part of the ball is extended over the net.

E. A player may go outside of the court to play a ball as long as the ball is contacted on that player's side of the court, and it will only be considered a legal return as long as it crosses the net and antennas within the boundaries of the court as extended.

6. Team Area, Duration of Matches, and Interruptions of Play

6.1 All matches shall consist of the best 2 of 3 games.

6.2 A coin toss will determine who serves the first game of the match. The team captains will call the toss. The winner will choose: 1) first serve; 2) to receive the first serve; or 3) the choice of the court for the first game. The loser may choose from the other options.

6.3 A new coin toss is performed before the third game, if necessary.

6.4 After each game, and at 8 points in the deciding game, the teams will switch sides.

6.5 Any act, in the judgment of the referee, unnecessarily delays the match may be sanctioned.

7. Commencement of Play and Service

7.1 The server shall have five seconds after the referee's "ready to serve" whistle in which to contact the ball for service. If, after releasing or throwing the ball for service, the server allows the ball to fall to the floor without touching it, the service effort shall be cancelled and a reserve directed.

7.2 There may be more than one reserve during any term of service, but not consecutively, nor to purposely delay play.

7.3 The service is considered good if the ball passes over the net between the antenna or their definite extensions without touching the net or other objects.

EMORY & HENRY COLLEGE

7.4 The team not serving first in the game shall serve first in the second game.

7.5 The team that receives the ball first in a game shall rotate once before serving.

7.6 The players of the serving team must not screen their opponents from the server or the trajectory of the ball. Screening occurs when the serve passes over the player standing at the net with his/her hands over his/her head, or when the ball passes over two or more players standing at the net in close proximity to each other (3 feet).

7.7 At the time that the ball is contacted for service, the placement of the players on the court must be in the proper service order (the server is exempt).

8. Playing the Ball

8.1 Each team is allowed a maximum of three successive contacts of the ball in order to return the ball to the opponent's area.

8.2 The ball may only be hit with hands or arms.

8.3 Players may have successive contacts of the ball during blocking and during a single attempt to make the first team contact (even if the ball is blocked) provided it is one attempt to play the ball, there is no finger action during the effort, and the ball is not held or thrown.

8.4 When the ball visibly comes to rest momentarily in the hands or arms of a player, it is considered as having been held. The ball must be hit in such a manner that it rebounds cleanly after contact with a player. Scooping, lifting, pushing, or allowing the ball to roll on the body shall be considered a form of holding. A ball clearly hit with one or both hands from a position below the ball is considered a good play.

8.5 A player is not allowed to attack the ball on the opposite side of the net. If the ball is hit above the spiker's side of the net and the follow-through causes the spiker's hand and arm to cross the net without touching an opponent or the net, it is not a fault.

8.6 Only the players who are in the front line at the time of service may legally accomplish blocking.

8.7 Any player participating in a block shall have the right to make the next contact.

8.8 Back-line players may not block or participate in a block, but may play the ball in any other position near and away from the block.

8.9 Blocking a serve is prohibited.

8.10 Blocking the ball across the net above the opponent's court shall be legal provided that such a block is:

After a player of the attacking team has spiked the ball;

In the referee's judgment, has directed the ball into his/her opponent's court;

After the opponents have completed their three allowable hits;

After the opponents have hit the ball so that, in the referee's judgment, the ball would clearly cross the net if not touched by a player, provided no member of the attacking team is in a position to make a legal play on the ball; If the ball is falling near the net and no member of the attacking team could reasonably make a play on the ball.

8.11 A back-line player returning the ball to the opponent's side while forward of the attack line must contact the ball when at least part of the ball is below the level of the top of the net over the attacking team's area.

EMORY & HENRY COLLEGE

9. Play at the Net

9.1 If a player's action causes the player to contact the net during play, whether accidentally or not, with any part of the player's body or uniform, it shall constitute a fault. Hair does not constitute of fault.

9.2 Contacting the opponent's playing area with any part of the ball except the feet is a fault. Touching the opponent's area with a foot or feet is not a fault providing that some part of the encroaching foot or feet remain on or above the centerline.

9.3 Either team may play a ball that has penetrated the vertical plane of the net.

10. Team and Player Faults

10.1 A double fault occurs when players of opposing teams simultaneously commit faults. The referee would direct a replay.

10.2 If faults by opponents occur at approximately the same time, the referee shall determine which fault occurred first, and penalize that fault; if this cannot be done, a double fault shall be declared.

11. Scoring and Results of the Game

11.1 In playing "rally scoring", a point will be awarded on each service. When the receiving team commits a fault, the serving team scores a point. When the serving team commits a fault, the receiving team scores a point and receives the serve.

11.2 A non-deciding game (games 1 and 2) is won when a team reaches 20 points and has at least a two-point advantage over its opponents. No game shall exceed 25.

11.3 In the event of 24-24 tie, the first team to reach 25 will win the game.

11.4 The deciding game of a match will be played to 15 points. No game shall exceed 20.
