

## 2014-2015 Dependent Verification Worksheet

Your Free Application for Federal Student Aid (FAFSA) has been selected for review in a process called "Verification". Once your FAFSA has been selected for verification, we are required to confirm the information you and your parents reported on your FAFSA. To verify that you provided correct information, the financial aid administrator will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You and at least one parent must complete and sign this worksheet, attach any required documents, and submit the worksheet and required documents to our office. Your financial aid is not final until the verification process is complete.
